Funding Opportunities Weekly Digest – April 15, 2020

On March 30, 2020, USDA NIFA issued [Coronavirus FAQs](#). For additional COVID-19 information, [visit the UTIA OSP Coronavirus web page](#).

UT Knoxville Office of Research and Engagement — [COVID-19 Funding Opportunities](#)

The UT Knoxville Office of Research and Engagement has set up a page of funding opportunities related to the novel coronavirus (COVID-19). The page will be continually updated throughout the coming weeks.

UT continues to pursue research and other sponsored activity where work can be done remotely, and/or laboratory-based work is done both with existing safety protocols and practicing of social distancing. Work such as analyzing data, writing and reviewing manuscripts, preparing presentations, developing new grant proposals, convening online discussions with students and lab staff, and online compliance training is strongly advised. See [UTIA Lunch & Learn training materials/videos](#), [CITI Training](#), and [K@TE](#) for online learning ideas for you and your team, including students.

Submission of new proposals is encouraged, and the UTIA Office of Sponsored Programs is able to assist, while conducting work remotely.

Should issues arise, please contact Jane Burns at janeburns@utk.edu.

Thank you for continuing to pursue your research, outreach, and scholarly programs with colleagues and students in your research group during these extraordinary times.

Emergency Citrus Disease Research and Extension Program

Application Deadline: 5/4/20 | [View Opportunity](#) | [View RFA](#)

Community Food Projects Competitive Grants Program

The Community Food Projects Competitive Grant Program (CFPCGP) has existed since 1996 as a program to fight food insecurity through developing community food projects that help promote the self-sufficiency of low-income communities. Community Food Projects are designed to increase food security in communities by bringing the whole food system together to assess strengths, establish linkages, and create systems that improve the self-reliance of community members over their food needs.

Application Deadline: 6/3/20 | [View Opportunity](#) | [View RFA](#)

Food and Agriculture Service Learning Program

Application Deadline: 6/4/20 | [View RFA](#)

The Gus Schumacher Nutrition Incentive Program

To support projects to increase the purchase of fruits and vegetables among low-income consumers participating in the Supplemental Nutrition Assistance Program (SNAP) by providing incentives at the point of purchase. The program

will test strategies that could contribute to our understanding of how best to increase the purchase of fruits and vegetables by Supplemental Nutrition Assistance Program (SNAP) participants.

Application Deadline: 5/18/20 | [View Opportunity](#) | [View RFA](#)

Application Deadline: 5/25/20 | [View Opportunity](#)

FY 2020–Recovery Challenge Fund

The overall goal of this Recovery Challenge funding opportunity is to enhance and increase partnerships with agencies and organizations implementing high priority recovery actions identified in recovery plans, and in particular for genetically sound breeding, rearing, and reintroduction programs. This opportunity also addresses the Department of the Interior priorities to create a conservation stewardship legacy second only to Teddy Roosevelt by utilizing science to identify best practices to manage land and water resources and adapt to changes in the environment; and to strike a regulatory balance by ensuring that Endangered Species Act decisions are based on strong science and thorough analysis.

Application Deadline: 6/4/20 | [View Opportunity](#)

2020 BLM NOC Fisheries and Aquatic Resources Program Management

Application Deadline: 6/1/20 | [View Opportunity](#)

FY 2020 Candidate Conservation Action Funds

The principle objective of this Candidate Conservation funding opportunity is to accomplish conservation tasks for high priority, service-managed, candidate (based on our annual Candidate Species Assessments) and at-risk species in the United States, such that known threats to the species may be reduced or eliminated. These efforts are based on cooperative relationships with states, nonprofit organizations, private landowners and those interested in habitat restoration or undertaking candidate and at-risk species research, surveys and monitoring, or educational outreach efforts.
