**Understanding Multi-stressor Impacts on Marine Ecosystems Under Climate Change**

The Department of Commerce is soliciting proposals to understand the combined impacts of multiple stressors on the function and health of marine ecosystems within the context of climate change. This information will be used to improve place-based management of marine protected areas and enable the proactive protection of these critical ecosystems under future climate scenarios. Application Deadline: 1/18/22 | [View Opportunity](#)

**Major Research Instrumentation Program (MRI)**

The MRI Program serves to increase access to multi-user scientific and engineering instrumentation for research and research training in our nation's institutions of higher education and not-for-profit scientific/engineering research organizations. An MRI award supports the acquisition or development of a multi-user research instrument that is, in general, too costly and/or not appropriate for support through other NSF programs.

**Limited Submission Opportunity** submit your NOI through InfoReady.

Foundations and Nonprofits

Innovator Awards Program - Inflammatory Bowel Disease (IBD)
Innovator Awards Program is seeking research and collaborators interested in IBD. Our Innovator Awards support individual scientists and research teams working within and outside the field of IBD. Grants of up to $150,000 will fund new, untested ideas to advance the understanding of Inflammatory Bowel Disease (IBD). To improve the lives of as many people with IBD as possible, our funding will support a diversity of perspectives—from clinicians to translational researchers and basic scientists.
LOIs accepted 8/16/21-9/13/21 | View Opportunity
Professional Development Program 2022 Call for Pre-Proposals
Professional Development Program Grants further education and outreach strategies for professionals and educators who work directly with farmers and ranchers.
