To notify the Office of Sponsored Programs (OSP) of your intent to apply for any of these or other grant opportunities, please submit a Proposal Intake Questionnaire to provide OSP with preliminary information.

Check out the Office of Sponsored Programs website to view more funding opportunities to consider.

Federal
Seeking to continue a robust, collaborative, and educational program using problem-based learning techniques designed to bring researchers and regulators together to educate each other on the challenges related to these issues and to identify solutions that are acceptable from both scientific and regulatory perspectives. This program consists of the continued development and implementation of a certified, academic training course for instruction in Good Laboratory Practices in a Biosafety Level 4 High Containment Environment.

Application Deadline: 10/3/22 | View Opportunity

---

**Carbon Ore Processing**

This program is focused on the conversion of coal and coal wastes into value-added products that are outside of traditional thermal and metallurgical markets. For this announcement, coal wastes are defined as the carbonaceous solid portion of waste resulting from the cleaning of coal.

Application Deadline: 10/6/22 | View Opportunity

---

**The Rural eConnectivity Program**
In facilitating the expansion of broadband services and infrastructure, the program will fuel long-term economic development and opportunities in rural America.

Application Deadline: 11/2/22 | View Opportunity

---

National Institute of Food and Agriculture has announced the Agriculture and Food Research Initiatives AFRI 2022 deadlines. To notify OSP of an upcoming proposal, complete the new online Proposal Intake Questionnaire as soon as you start planning to provide preliminary information about your prospective proposal.

- Aug. 31: Bioproduct Pilot Program
- Aug. 31: 1890 Institution Teaching, Research, and Extension Capacity Building Grants Program
- Aug. 22: Urban, Indoor, and Emerging Agriculture Grants Program
- Multiple Deadlines: AFRI Education and Workforce Development Program

Please recall that there are broader global collaborative efforts available with Ireland and Northern Ireland for certain applications. Contact Tom Gill if you are planning or need assistance to develop partnerships.

All applicants who meet the eligibility requirement as a New Investigator will
Ecology and Evolution of Infectious Diseases
This opportunity supports research on the ecological, evolutionary, organismal, and social drivers that influence the transmission dynamics of infectious diseases. Projects should focus on the determinants and interactions of (re)emergence and transmission among any host species, including but not limited to humans, non-human animals, and/or plants. Research may be on zoonotic, environmentally-borne, vector-borne, enteric, or respiratory pathogens of either terrestrial or aquatic systems and organisms, including diseases of animals and plants, at any scale from specific pathogens to inclusive environmental systems.
