**US Mission to Uganda**

The objectives of the Public Diplomacy Grant Program are to promote positive relations between the people of Uganda and the United States, reinforce shared values, and connect Uganda’s emerging leaders to the American people through projects that help Ugandan youth, especially young women, explore and discover their potential through innovative science, technology, engineering, arts, and math (STEAM) programs, as well as entrepreneurship programs. Strengthen understanding of US values and institutions, highlight US culture, including American Studies, and support diversity, acceptance of minority groups, and other areas of mutual interest. Promote the application of new technologies to address economic, environmental, and social challenges of shared concern.
US Mission to Japan
The Embassy welcomes proposals that address these complex issues. The proposal should detail the specific social issue(s) being addressed, explain the approaches that are being implemented to solve these issues, and highlight impacts, effectiveness, and future sustainability. With a required exchange program, the proposal must also contain an element that focuses on the collaborative efforts between the US and Japan.
