Funding Opportunities Weekly Digest–November 30, 2021

To notify the Office of Sponsored Programs of your intent to apply for any of these or other grant opportunities, please submit a Proposal Intake Questionnaire to provide OSP with preliminary information.

Check out the Office of Sponsored Programs website to view more funding opportunities to consider.

PIQ Presentation for Faculty
What: Informational session on OSP’s Proposal Intake Questionnaire
When: Wednesday, December 8, 10:00-10:30 a.m.
Where: Zoom – https://tennessee.zoom.us/j/93108602737

Federal
Field Initiated Projects Program
The purpose of this program is to generate new knowledge through research or to develop methods, procedures, and rehabilitation technologies that maximize the full inclusion and integration into society, employment, independent living, family support, and economic self-sufficiency of people with disabilities, especially people with the highest support needs.
Application Deadline: 1/24/22 | View Opportunity

Water Quality Benefits
The US Environmental Protection Agency, as part of its Science to Achieve Results program, is seeking applications proposing research that will address how measurable attributes of water quality improvements can be valued, either directly or through indicators. Research under this request for applications is intended to focus on national level studies and/or valuation for underrepresented water body types and regions, improvements to water quality indices, and environmental justice valuation.
Application Deadline: 1/26/22 | View Opportunity

National Institute of Food and Agriculture has announced the AFRI 2022 deadlines so you can start planning well in advance to take advantage of services provided by AgResearch (Hanover, Orange Team Review), OSP, and UT Knoxville Office of Research, Innovation, and Economic Development.

To notify OSP of an upcoming proposal, complete the new online Proposal
Please recall that there are broader global collaborative efforts available with Ireland and Northern Ireland for certain applications. Contact Tom Gill if you are planning or need assistance to develop partnerships.

All applicants who meet the eligibility requirement as a New Investigator will also be eligible to apply for a seed grant, as well as for a New Investigator (standard) grant. | Helpful Hints for New Investigators

---

**Vet-LIRN Network Capacity-Building Projects**

The purpose of this opportunity is to support enhanced human and animal food safety by strengthening the capacity, collaboration, and integration of food-safety laboratories and networks, thereby facilitating an effective and coordinated response to future human and animal food safety issues.

Application Deadline: 1/14/22 | View Opportunity

**Minor Use Minor Species Development of Drugs**

This opportunity solicits Research Project (R01) grant applications from institutions or organizations that propose to develop or support the development of designated new animal drugs intended for minor uses in major species or for use in minor species.

Application Deadline: 2/4/22 | View Opportunity

**Laboratory Flexible Funding Model**

This cooperative agreement is intended to enhance the capacity and capabilities of state human and animal food testing laboratories in support of an integrated food safety system. This project will strengthen and improve Food and Drug Administration’s efforts to prevent foodborne illnesses and minimize foodborne exposures through building a nationally integrated laboratory science system and equip our partner laboratories with additional resources that can be
Enhancing Regulatory Science for Advancing Pharmaceutical Quality and Manufacturing
The goal of this program is to support the advancement of regulatory science that can facilitate the implementation and the assessment of emerging manufacturing technology in the pharmaceutical sector; and expand the knowledge base related to complex products and formulation development, analysis, and manufacturing control to advance risk-based quality assessment of new and generic drug products.
Application Deadline: 4/10/22 | View Opportunity

FDA Support for Conferences and Scientific Meetings
This opportunity supports high quality conferences and scientific meetings relevant to the public health mission.
Application Deadline: 10/11/22 | View Opportunity

Major Research Instrumentation Program (MRI)
The MRI Program serves to increase access to multi-user scientific and engineering instrumentation for research and research training in our nation's institutions of higher education and not-for-profit scientific/engineering research organizations.
Application Deadline: 1/19/22 | View Opportunity NSF 18-513
