

Thursday, April 26, 2012
9 a.m. – 3:30 p.m.

Organic Crops

Hosted by UT AgResearch and UT Extension

A public event at the East Tennessee AgResearch
and Education Center — Organic Crops Unit

Field Tour

Organic Crops Field Tour

See current research and hear the latest organic production recommendations on:

- High tunnels.
- Small-scale composting.
- Reduced tillage.
- Small-scale rainwater collection.
- Fruit production.
- Field crop seeding rates and weed control.
- Tomato grafting.
- Brown marmorated stink bugs.
- Heirloom seed.

Enjoy walking tours, a farm equipment display, and industry and educational exhibits.

Hear from keynote speaker John Coykendall, Blackberry Farm Master Gardener.

Lunch catered by the UT Culinary Institute.
