

Real Time PCR - ABI 7900HT Training

Hosted by the Genomics Hub lab

Presented by

Doug Rains, Application Specialist, ABI

March 11th, 2010

8:30 a.m.- 4:00 p.m.

RM 410, Plant Biotech Bldg.

Morning session:

- Introduction to real-time PCR
- Supported chemistries
- End-point applications
- Intro to quantitative PCR
- Assays

Break

{11:30-12:30}

96 well format - 35 min

384 well format -55 min

Afternoon session:

- Gene Expression workflow
- FAQs / technical help resources
- Software demo
