Welcome to The University of Tennessee's Northeast Tennessee Beef Expo at the Research & Education Center presented by the UT Extension and Research and Education Center at Greeneville.

We invite you to participate in sessions, view exhibits and learn first hand from Extension specialists, industry leaders, and researchers about new methods and techniques that can help achieve more efficient and profitable operations.

Many sponsors make this field day a success. The trade show will feature many of our sponsors and the products they offer. Sponsorship from the Eastern Region Extension, and especially the G. L. Carter Grant, has made possible the printing of these materials for your educational experience this year.

We hope your experiences at the Expo will help you become more efficient and profitable. Please help us by completing the survey you will receive at registration so we may plan programs that meet your needs.
